

**University of Washington College of Education
Research Study**

How are you choosing an elementary school?

Be a part of a research study investigating how parents/caretakers choose schools for their kindergarten-aged child.

- **Do you live in Seattle?**
- **Will your child be in Kindergarten next year (2011-12 school year)?**
- **Is this your first-time choosing an elementary school?**

If you answered yes to these questions, you're eligible to participate in a ten minute online survey about school choice.

For more information or to participate please contact Julie McCleery (UW Doctoral Candidate) at 206-851-7923 or juliemccleery@yahoo.com.
